

TFC-30

Optical fiber cleaver

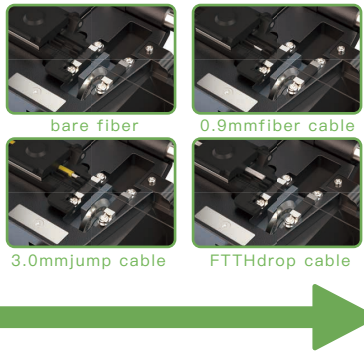

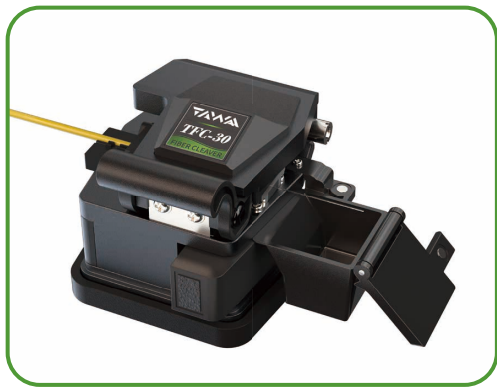

Make It Easy

Product introduction

- Cleaved Angel <math>< 0.5</math> degrees
- Large capacity waste fiber bin
- 48000 cleaves
- Fall proof, dust proof and water proof
- Automatic return of blade
- 3-in-1 holder, 0.25–3.0mm fiber
- Aluminum alloy material
- Replaceable blade and fixture

Function

TFC-30 adopts metal body which is fall resistance, replaceable blade help to save time and more economic. TFC-30 cutting fiber and collecting waster fiber simultaneously, high precision CNC, tungsten steel refined blade. High precision, 48000 cleaves, replaceable fixture save your time and money.

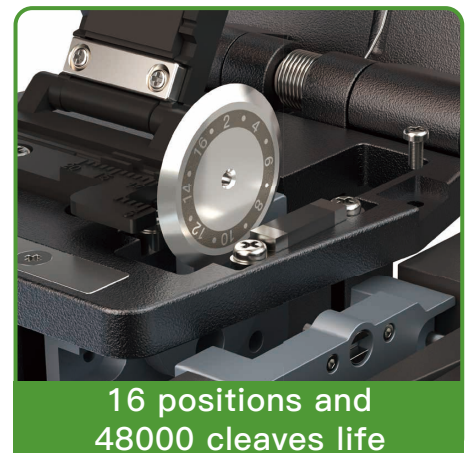

Product feature

3-in-1 holder

waste bin

16 positions and 48000 cleaves life

Product configuration

Item	P/N	Quantity
TFC-30 main body/blade	TFC-30-01	1
3-IN-1 Universal Fiber Holder	TFC-30-91	1
Large Capacity Fiber Waste Bin	TFC-30-11	1
Hexagonal Wrench	TFC-30-12	1
Semi-hard Case	TFC-30-13	1
Operation Manual	TFC-30-14	1

Specification:

Fiber Types	single fiber
Coating Diameter	160--900 μ m
Clad Diameter	125 μ m
Cleaved Angel	$\leq 0.5^{\circ}$
Cleave Length	9-16mm($\phi 0.25$) 10-16mm($\phi 0.9$)
Blade Life	48000 cleaves (3000 x16 positions)
Dimensions	62Wx64Dx74H mm
Weight	350g
