

CV-B Series Rainproof, High Power 1000W

800W~1000W

5V/12V/24V

Model Specifications **CE**

Size : 350×285×115mm
Power: 800W
Input: 220V±15%

Model No.	Output Voltage	Output Current
CV-5E800-B	5VDC	160.0A

Size : 350×285×115mm
Power: 1000W
Input: 220V±15%

Model No.	Output Voltage	Output Current
CV-12E1K-B	12VDC	83.3A

Size : 350×285×115mm
Power: 1000W
Input: 220V±15%

Model No.	Output Voltage	Output Current
CV-24E1K-B	24VDC	42.0A

CV-B
High Power

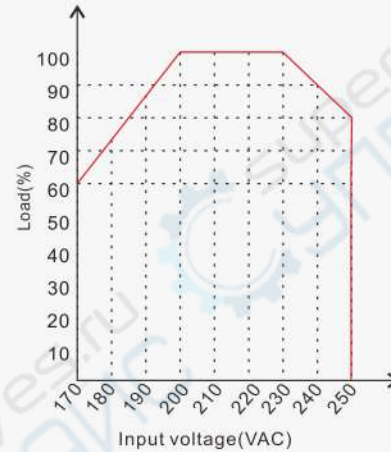

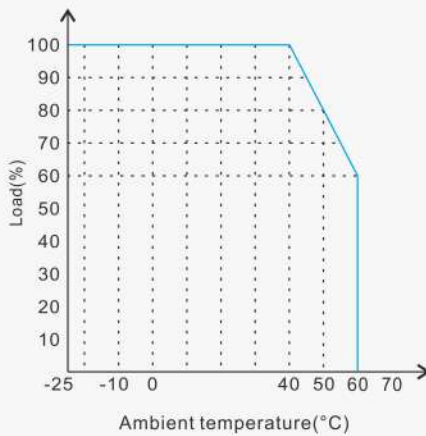

■ Features

- Less drivers needed, save labor cost.
- Build-in loading meter, for monitoring % of load.
- Excessive electric fan cooling, longer life span.

■ Applications

High power supply for large size LED signage or building decorating project, used with LED module, strip, flex ribbon, LED-neon tube, pixel lamp, perforating lamp, bar light, wall washer, etc...

■ Derating Curve
